

Training Solutions

IOSH Theory and Practice of Risk Assessment

Who Is This Course Designed For?

Any personnel who need to be aware of hazards and risk and how to work through the process of risk assessment. It combines the background to why there is a need to undertake risk assessment together with actual practice of risk assessment including compiling a risk assessment related to candidates own working environment.

About the Course

- Duration: 1 day
- Format: Face-to-Face
- Refresher training recommended every 3 years

What Do I Do Next?

If you would like a course exclusively run for your employees, at your business premises, we would be happy to arrange this for you. Prices for a closed course are available on application.

Please call 01777 802377 or email Sarah Bartlett at sarah.bartlett@pibrm.com to discuss further or book a place on one of our open courses.

What Is Covered?

- To enable personnel to have an understanding of the risk assessment process
- To enable personnel to be aware of the rationale for the conduct of risk assessments
- To enable personnel to apply the learning and compile a risk assessment project linked to their own working environment
