Hand Arm Vibration Management Training

Who Is This Course Designed For?

This Hand Arm Vibration Management Training is designed to assist managers in assessing and identifying measures to eliminate or reduce risks from exposure to hand-arm vibration so that they can protect their employees from risks to their health.

About the Course

- > Duration: half day
- > Format: Face-to-Face or remote online learning
- > Refresher training recommended every 3 years

What Do I Do Next?

If you would like a course exclusively run for your employees, at your business premises, we would be happy to arrange this for you. Prices for a closed course are available on application.

Please call **01777 802377** or email Sarah Bartlett at sarah.bartlett@pibrm.com to discuss further or book a place on one of our open courses.

What Is Covered?

- Understand why training is required
- > Be able to describe the causes and symptoms of HAVS
- > Know the consequences of not managing HAV
- > Understand how HAV exposure is measured
- > Know practical ways to manage HAV
- > Be able to deliver an effective tool-box talk on the subject
