

Training Solutions

IOSH Working Safely

Who Is This Course Designed For?

Non managerial staff that have not received any formal training or need their safety and health training to be Refreshed.

We would recommend a closed course for your employees at either your site or our training centres in Retford, Halifax, London, York. This gives all delegates an opportunity to work together with colleagues, where they can bounce off ideas to further improve current working procedures within your company.

If however, you require one or two delegates to be trained individually, we do run a couple of open courses throughout the year.

About the Course

- > Duration: 1 day
- > Format: Face-to-Face
- > Refresher training recommended every 3 years

What Do I Do Next?

If you would like a course exclusively run for your employees, at your business premises, we would be happy to arrange this for you. Prices for a closed course are available on application.

Please call **01522 690 237** or email Elizabeth Turner at elizabeth.turner@pibrm.com to discuss further or book a place on one of our open courses.

What Is Covered?

- > Identify why it is important to work safely
- > Identify everyone's responsibilities in relation to safety, health and wellbeing
- > Define key terms in safety and health
- > Identify workplace hazards and risks, their impact and how to control them
- > Identify ways safety, health and wellbeing are managed and improved within the workplace
