Level 1 Award in Fire Safety Awareness (RQF)

Who Is This Course Designed For?

The QA Level 1 Award in Fire Safety Awareness (RQF) is a regulated and nationally recognised qualification designed for those who want to increase their awareness of fire safety in the workplace.

Candidates will learn basic fire safety principles in order to ensure they are keeping themselves and others in the workplace safe at all times.

They will also learn what to do in the event of an emergency and the simple measures that can be taken to control the risk of fires. With subjects covered in just half a day, this course is an ideal way to ensure that all employees have a good understanding of fire safety, whilst minimising disruption to your organisation's day to day activity.
