

Training Solutions

Level 2 Award in Principles of Risk Assessment (RQF)

Who Is This Course Designed For?

It is an employer's duty to protect the health, safety and welfare of their employees and other people who might be affected by their business. This includes providing sufficient information, instruction and training to employees to allow them to work in a way that does not put themselves or others at risk.

The QA Level 2 Award in Principles of Risk Assessment (RQF) is a regulated and nationally recognised qualification specifically designed to provide candidates with a greater awareness of risks within the workplace and the measures that can be taken to control them.

Ideal for all employees, this 1 day course covers a variety of topics, including: the main causes of work-related fatalities, processes for undertaking a risk assessment, methods that can be used to prioritise risks and more.

About the Course

- > Duration: 1 Day
- > Qualsafe regulated
- > Refresher training recommended every 3 years
