

# Training Solutions

## Scaffold Appreciation Training

### Who Is This Course Designed For?

Manager, Supervisors, Operatives, Site Supervisors, who need to have scaffolding knowledge for their own safety and for the safety of others on site.

This training course will help you to understand the key safety and legal requirements to reduce the risks of working around scaffolding

It will give attendees up to date knowledge of how to safely observe and control scaffolding operations.

The course requires a local live scaffold close to the venue (i.e. construction site that can be visited).

### About the Course

- > Duration: One day
- > Format: Face-to-Face training on site
- > Refresher training recommended every 3 years

### What Do I Do Next?

If you would like a course exclusively run for your employees, at your business premises, we would be happy to arrange this for you. Prices for a closed course are available on application.

Please call **01777 861861** or email our training department at [sales@pibrm.com](mailto:sales@pibrm.com) to discuss further or book a place on one of our open courses.
