

# Training Solutions

## Asbestos Awareness Refresher (UKATA Approved)

### Who Is This Course Designed For?

The Control of Asbestos Regulations 2012, Approved Code of Practice states that 'Refresher training should be given regularly'. A skills analysis will be undertaken at the start of the course in order to confirm delegates attending have retained information from the original course and to ensure refresher training is sufficient.

### About the Course

- > Duration: Quarter day
- > Format: Face-to-Face
- > Refresher training recommended every 3 years

### What Do I Do Next?

If you would like a course exclusively run for your employees, at your business premises, we would be happy to arrange this for you. Prices for a closed course are available on application.

Please call **01777 861861** or email our training department at [sales@pibrm.com](mailto:sales@pibrm.com) to discuss further or book a place on one of our open courses.

### What Is Covered?

- > History, types and properties of asbestos
- > Possible effects on health
- > Locations / identification of possible Asbestos Containing Materials (ACMs)
- > Relevant parts of the Control of Asbestos Regulations 2012
- > Types of Asbestos surveys
- > Emergency procedures
